**Q: Tell us about your experience with Moore Stephens KSC?**

*A: Moore Stephens has taught me both the tangibles, such as the technical aspects involved, like the audit process, as well as the intangibles such as the strong work ethic and the high standards required for audit work. I enjoy working in an environment like Moore Stephens that provides you with almost everything. In the last 9 months, Moore Stephens taught me the art of being detailed and meticulous with the clients' documents. My managers always go the extra mile to guide me for work and non-work related matters and this has benefitted me a lot and has helped me to develop both personally and professionally*

**Q: Big important lessons you learnt at Moore Stephens KSC?**

*A: The most valuable lesson that I learned at Moore Stephens is that When in doubt, never be afraid to ask! It is only when you ask, then you will learn more and improve yourself. At Moore Stephens, my managers and seniors are always more than happy to answer my queries and that's why I believe I am more confident today to ask questions.*
